

# BUSINESS PARTNERSHIPS

## 2017 Business Partnership Award Winners

### C & A Scientific and PWCS Office of Science

C & A Scientific donated over \$300,000 in brand new scientific equipment that was distributed to every school in Prince William County.

Through the partnership with the Office of Science, every school received grade level appropriate equipment to use in the classroom. This donation is unique due to the quality of the products they donated, but also because of the professional development that C & A Scientific provided to over 90 of our science teachers. Thus, allowing them to use the equipment to its fullest potential.

We are fortunate to have a local business partner like C & A Scientific who strives to improve science education for all of our students.

### United States Patent and Trademark Office and Mountain View Elementary School

The United States Patent and Trademark Office of Education

and Community Outreach adds innovation, invention, and real-world challenges to existing programs in our schools.

Through countless volunteer hours, the students at Mountain View have been exposed to career opportunities and experienced the process of trademarking or patenting their own product.

This partnership provides an innovative platform for learning Science, Technology, Engineering, Arts, and Mathematics, also known as STEAM.

### Wells Fargo and Benton Middle School

Wells Fargo spearheaded the Science, Technology, Engineering, and Math,

also known as STEM, events at Benton Middle School to introduce girls and boys to a multitude of careers with a STEM focus. Wells Fargo, as well as donating their own money and resources, garnered the financial support of other Northern Virginia companies to support the events.

Through the efforts of Wells Fargo, over 1,350 students have been impacted at the school through mentorship, career exploration, and enhancement of curriculum to showcase industry best practices.

Through partners like Wells Fargo, our students have the opportunity to experience robust and interactive STEM programs that connect them to real-world experiences in STEM related industries.

### 2017 Partner in Education

#### Dr. Robert Melvin with PWC-NSBE Jr. and Graham Park Middle School

As the coordinator for the Prince William County National Society for Black Engineering Junior Chapter, Dr. Robert Melvin

has bettered the lives of so many of our students. He has spent countless hours, to include weekends, where his "Young Men of Distinction" refurbish computers, volunteer in the community, and prepare for college and careers

His goal is to empower students by showing them the world of higher education, an opportunity they may not otherwise had been exposed to. Because of his dedication, leadership, and passion, our students are impacted in a meaningful and effective way.

### 2017 Community Partner of the Year

#### Prince William County Police Department and Minnieville Elementary School

The Prince William County Police Department has been a dedicated community partner for countless years. Sergeant Dennis Jensen and a group of committed officers from the Police Department started the Minnieville Athletic Club. During club hours, police officers give pep talks, engage in exercise, and promote good behavior in the classroom.

Leading by example, students learn that members of the police community are positive influences that keep our schools and neighborhoods safe.

We thank them for their service and commitment to our students and congratulate them on being our first Community Partner of the Year.

***Congratulations and Thank You!***

## A Perfect Partnership

SPARK greatly appreciates the continued support that is received from the Prince William County School Board. Our success is the result of a great partnership with our School Division and its leadership, and for this we are incredibly thankful. The Foundation looks forward to collaborating with our School Board members for many years to come.

SPARK encourages community partners to become involved with student achievement, programs, and innovations. Superintendent of Schools Dr. Steven L. Walts shared an update on the start of another successful school

year during his "State of the Schools" address with the local business community at the Annual Superintendent's

# PUTTING THE PIECES TOGETHER

Originally established in 1974, the Prince William County Vocational Education Foundation, Inc., was officially changed to the Prince William County Public Schools (PWCS) Career and Technical Education (CTE) Foundation, Inc. in March of 2012. In 2017, the CTE Foundation transitioned to the CTE Advisory Committee and became a partner of SPARK.

The Prince William County Vocational Education Foundation and the CTE Foundation existed to provide support to career and technical education students and programs within PWCS. High school students constructed 16 homes under the tutelage of professionally qualified

instructors. In 2001, the Foundation began to provide scholarships to students, with preference to those in the building trades. Requirements were later broadened to include all CTE "program completers," as well as high school graduates enrolled in the second year of the nursing program.

The mission of the CTE Advisory Committee is to support students enrolled in CTE programs, with an emphasis on supporting students who do not intend to pursue a traditional college program after high school. Members of the Committee include industry partners who are interested in strengthening their workforce pipeline by partnering with CTE specialty programs in PWCS. By working with SPARK, the CTE Advisory Committee, through their scholarship program, will provide funds to deserving students to further their education. Both the CTE Advisory Committee and SPARK have a common goal, and that is to support students and provide a pathway to success with the help of our business and community partners.

EXCELLENT SCHOOLS ARE EVERYONE'S BUSINESS

## Message from the President

**Mr. Jonathan Arehart of Cavendo**

I am pleased to have the opportunity to serve as president of the SPARK Board of Directors for the 2017-18 school year. I have been directly involved with Prince William County Public Schools (PWCS) for many years and have benefitted firsthand from the support of SPARK as a former student. As president of the Board, I am delighted to be able to leverage support for students, teachers, and staff to strengthen the foundation of education in this World-Class School Division.

Supported by donations from local businesses, SPARK raises funds for Prince William County teachers and schools, as well as School Division departments, staff, and offices, through our "Innovative Grants" program. These funds allow schools and departments to implement programs that would not be possible otherwise. The Foundation continues to support the use of our enhanced web presence in all Division schools, and continues to support students pursuing careers in teaching through the Dr. Edward L. Kelly Memorial Scholarship Fund in addition to managing over ten scholarships.

Each year we embark upon initiatives to help make education brighter for our students. We now support more than ten scholarship funds; play a vital role in the Virginia Student Training and Refurbishment (VA STAR) program; provide clothes and gifts to families in need via our Holiday Helpers initiative; provide support for Robotics teams in all of our schools, and continue to bring awareness to the importance of early childhood education through support of Smart Beginnings Greater Prince William.

The support that SPARK is able to leverage enriches students' lives every day. These children are the basis for our community's future growth and prosperity, and it is only possible to build on that strong foundation with the continued support of our corporate and community partnerships. The quality of our schools is more than simply a desirable community feature. A strong PWCS is vital for the future success of our county, state, and nation. With the experience and determination of the SPARK Board of Directors, we can guarantee that our success will only continue to strengthen PWCS.

We invite you to offer support for the Foundation's initiatives and help provide opportunities for PWCS students to reach their greatest potential. Your involvement will be tremendously rewarding to you and to our community's students. To find out more, visit [www.poweredbyspark.org](http://www.poweredbyspark.org) or contact Sharon Henry, Executive Director of SPARK, at [henrysw@pwcs.edu](mailto:henrysw@pwcs.edu) or 703.791.8001.

Sincerely,

Jonathan Arehart  
President

# INNOVATIVE GRANT WINNERS

## 2016-17 Award Cycle

SPARK awards its “Innovative Grants” to Division teachers, schools, and departments that propose exciting and creative new ways to enhance education for our students. \$86,610 was awarded in 2016-17 to the following (several of whom you see here today):

### **Belmont Elementary School**

“Document Cameras for Belmont Elementary School Staff & Students”

### **Bennett Elementary School**

“Using Multisensory Instruction to Foster Language & Literacy Develop”

### **Benton Middle School**

“Exploration of Groundwater Pollution”

### **Beville Middle School**

“Creating a College Going Culture in Middle School”

### **Brentsville District High School**

“Biodiversity & Ecosystem Loss in National Park Systems”

### **Coles Elementary School**

“Tactile Books”

### **Colgan High School**

“Screen Printing Press and Vinyl Press”

### **Fitzgerald Elementary School**

“Learning to Read, Reading to Learn”

### **Glenkirk Elementary School**

“T.R.A.I.N.S.”

### **Graham Park Middle School**

“After School Success w/ Career & College Readiness”

### **Loch Lomond Elementary School**

“iPads for STEM Education”

### **McAuliffe Elementary School**

“Lights, Camera, Let’s Put iPads into Action!”

### **Mullen Elementary School**

“Innovative & Interactive Math w/ Osmo”  
“Jamestown Alive at Mullen”

### **New Dominion Alternative School**

“Rebound K-5 Library”

### **Patriot High School**

“Community Book & Read Project: Hidden Figures”  
“Learn to Earn!”

### **Pattie Elementary School**

“Electrifying 4th & 5th Grades”

### **Potomac Middle School**

“Throwback Thursdays – Reviewing for 8th Grade Science SOLs”

### **PWCS Office of Science & Family Life**

“Igniting Her Curiosity in STEM”

### **PWCS Office of Student Learning**

“Free Little Library”  
“PWCS Reads: Children’s Book Festival”

### **Rosa Parks Elementary School**

“Peace Pathway: Anti-Bullying Campaign”

### **Rippon Middle School**

“Science Exploration –  
A Hands-on Approach to Learning”

### **Saunders Middle School**

“Charged Up About Circuits”

### **Stonewall Middle School**

“Read Across the Content”

### **Triangle Elementary School**

“WRAP’ World Rhythms!”

### **Vaughan Elementary School**

“Hands on Minds on Science to Support All Students”

### **West Gate Elementary School**

“Technology to Promote English Language Development”

### **Williams Elementary School**

“Fourth Graders Love Science”

### **Woodbine Preschool**

# SUPPORT FOR INNOVATION

## Activities and Events

Hosted the "Saluting Our Stars" celebration event to recognize **significant scholastic, artistic, and athletic achievements**, as well as honor those individuals and businesses that made a significant impact on education and learning in Prince William County.

Sponsored the 23rd Annual "Tee Off for Education" golf classic fundraising event to **support innovative grant distribution** to our departments and schools.

Hosted the 16th Annual Superintendent's Business Breakfast to provide a "State of the Schools" update, **spotlight the School Division's commitment to excellence**, school to business/ community partnerships, and innovative grant successes.

## Program Support

Continued fundraising for the "Holiday Helpers" giving program to include Volunteer Prince William's Un-Trim-a-Tree program and the Fraternal Order of Police Battlefield Lodge #43's Santa Cop program to **provide food, gifts, and warm clothing to families-in-need**.

Provided continued extensive **support and financial assistance to the VA STAR** (Virginia Student Training and Refurbishment) program to include the expansion of the program to other School Divisions in the Commonwealth of Virginia.

Continued support by providing more than \$75,000 in funding for the Divisionwide enhanced web presence, raised by leasing and managing commercial advertising space on PWCS school websites. PWCS **provides an online communication platform for teachers, students, and parents so they can share information**.

Continued support for the Science, Technology, Engineering and Mathematics (STEM) Education Coordinator position, **providing a robust selection of robotics programs** and other STEM and career and technical education initiatives to schools.

Support for the Smart Beginnings Coordinator position, working to **improve the quality of care and education** for children from birth until kindergarten and to ensure that children are ready to succeed in school and in life.

## Scholarships

In 2016-17 SPARK awarded \$62,000 to graduating high school seniors, totaling 32 awarded scholarships to 23 different colleges and universities.

- Awarded three high school seniors \$1,500 each to pursue a career in teaching as part of the Dr. Edward L. Kelly Memorial Scholarship program
- Awarded four \$1,500 scholarships to students pursuing a career in the Science, Technology, Engineering, and Mathematics (STEM) field through the Micron Foundation and Lockheed Martin
- Collected funds and managed activity for the Kevin Simpson Memorial Scholarship fund
- Awarded a \$4,000 scholarship to one PWCS high school senior on behalf of Chick-fil-A restaurants in Prince William County
- Awarded a \$1,000 scholarship on behalf of the Austin Trenum Memorial fund
- Awarded three \$2,500 scholarships on behalf of the Derek Crowe Memorial Scholarship fund
- Awarded \$2,500 on behalf of the Greg Kremer Memorial Scholarship
- Awarded four \$1,000 scholarships on behalf of the PWCS Growing Our Own, Future Teachers Program
- Awarded two \$1,500 scholarships on behalf of the Kristin Harkness Memorial Fund
- Awarded eight \$1,000 scholarships to high school seniors on behalf of the Payton's Project-Freeze Bullying for Payton scholarship fund
- Awarded a \$1,500 scholarship awarded through the Sara Lott Memorial Scholarship fund
- Awarded three \$1,000 scholarships to students pursuing a career in the STEM field on behalf of SRC, Inc.
- Awarded a \$1,000 scholarship and a \$3,000 scholarship to two students on behalf of the Victor Cahoon Memorial Fund
- Awarded five \$1,500 scholarships on behalf of Zion Church
- Managed activity for the Caulkins Construction Adult Education and the Paul A. Wilson Memorial funds

# 2016-17 FINANCIAL SUPPORTERS

## SPARK SPOTLIGHT

### LOCKHEED MARTIN

As a dedicated partner of Prince William County Public Schools, Lockheed Martin, is "helping the future arrive."

Lockheed Martin has served generously on the SPARK Board of Directors for 20 years as a business located right here in Prince William County. Aside from providing generous monetary donations totaling nearly \$50,000 annually to support the PWCS robotics program and other STEM related initiatives, Lockheed Martin spearheaded the start of our now very robust Robotics program, and donates hundreds of computers each year to the VA STAR program.

Through their K-12 Volunteerism Initiative, Lockheed Martin employees donate their time as volunteers at our schools for programs such as National Young Readers Day, Career Fairs, Junior Achievement, National Engineer's Week, Sixth-Grade Engineers in a Classroom, Middle School STEM Day, FIRST Robotics, SeaPerch Underwater Robotics, STEM Education Modules, and as Science Fair judges.

Lockheed Martin also hosts annual events at their Manassas site, such as Women in Engineering Day, which has been offered to our students for nearly 14 years, and Minorities in Engineering Day, for the past 10 years.

Together, PWCS and Lockheed Martin are building a strong foundation for education and employment opportunities for students in our local communities through the Lockheed Martin High School Initiative. This initiative provides capable high school graduates a structured, challenging, and non-traditional early-career program with a path for advancement.

It is with this kind of "out of the box" thinking that makes Lockheed Martin a valuable business partner to PWCS.

## Generous SPARK Donors

The following list of businesses, civic organizations, and individuals reflects generous support through gifts of time, talent, in-kind, and cash donations who invested in public education during the 2016-17 school year. Without their contributions, the work of SPARK would not have been possible.

Many donors choose to support SPARK through their workplace giving campaigns, such as United Way, America's Charities, or other charitable programs. Several PWCS employees also contribute through payroll deduction. While the names of these individuals are often unknown, their gifts enabled our program to flourish. **For that, we thank you.**
